

**Opening Width**

This method we will calculate gate frame size and account for 3.5" inches for our hinges within the opening and 0.5" inches for a gap at the end of the gate to the edge of opening width.

**Outside-Outside Frame Width**

This method you will be responsible to ensure gate fits within the required opening, we will build the frame to this width and will not account for hinges or gaps.

Indicate Driveway Opening Width

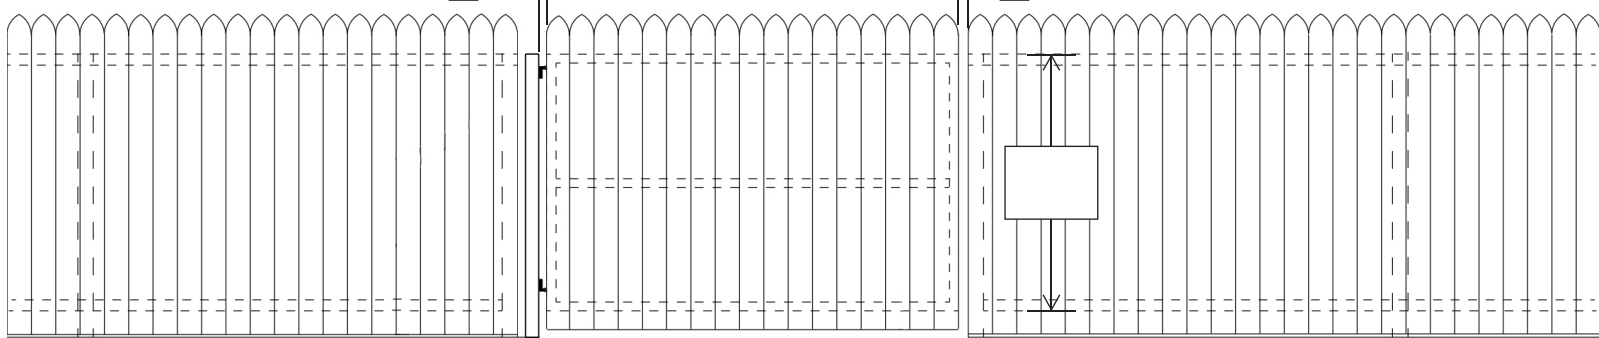

- OR -

Indicate Outside to Outside Width of Frame

Hinged on Left

Hinged on Right

Indicate Gate Frame Height

**VIEW IS FROM OUTSIDE OF PROPERTY**  
**WOOD/VINYL GATE FRAME (8'-0" OR MORE WIDE)**  
**WOOD/VINYL NOT INCLUDED**
